## CHAPTER \_\_\_\_\_

An act to amend Sections 221.1, 492, 4171, 31108, 31752, and 77067 of the Food and Agricultural Code, relating to agriculture.

## LEGISLATIVE COUNSEL'S DIGEST

AB 222, Committee on Agriculture. Food and Agriculture: omnibus bill.

(1) Existing law establishes the Department of Food and Agriculture Fund, a continuously appropriated fund used for specified purposes relating to enforcement of various provisions of law relating to various agriculture programs. Notwithstanding those provisions, existing law requires the Department of Food and Agriculture to establish all permanent positions within the department with the Controller's office pursuant to standard state administrative practices, and to report to the chairs of the fiscal committees of the Legislature, no later than January 10, 2005, on the positions established and funded, as specified.

Existing law also establishes the Food Biotechnology Task Force and authorizes the task force to request particular agencies to lead the effort to evaluate various factors related to food biotechnology. Existing law requires the task force to report the issues studied, findings, basis for their findings, and recommendations to the Governor and the Legislature by January 1, 2003.

This bill would delete the obsolete reporting requirements from these provisions.

(2) Existing law divides the state into agricultural districts, as specified, and provides for district agricultural associations, which are state institutions. Existing law authorizes the 50th District Agricultural Association, with the consent of the Secretary of Food and Agriculture, to enter into a joint powers agreement for, among other purposes, the purpose of creating a joint powers agency to operate, maintain, and improve the facilities and functions of the 50th District Agricultural Association. Existing law requires, prior to the commencement of the joint powers agreement, the parties to the agreement and the Department of Food and Agriculture to ensure that every employee in the civil service of the 50th District Agricultural Association is provided with the option of continuing

his or her employment with the state. Existing law requires the joint powers agency to contract with the department for the services of the employee who chooses to continue his or her employment with the state, consistent with his or her civil service classification and status.

This bill would authorize the joint powers agency to contract with the department or the 50th District Agricultural Association for the services of an employee, consistent with his or her civil service classification and status.

(3) Existing law requires that the holding period for a stray dog or a stray cat impounded in a shelter be 6 business days, not including the day of impoundment, with exceptions, as provided.

This bill would define the term “business day” for purposes of these provisions as any day that a public or private shelter is open to the public for at least 4 hours, excluding state holidays.

(4) Existing law establishes the California Walnut Commission, composed of 8 walnut producers, 4 walnut handlers, and one member of the public. Existing law requires the commission to elect alternate members, and provides for the appointment of ex officio members.

Existing law provides that each member of the commission or each alternate member serving in place of a member, except for ex officio government members, and each member of a committee established by the commission who is a nonmember of the commission, may receive per diem not to exceed \$100 per day, as established by the commission, for each day spent in actual attendance at, or in traveling to and from, meetings of the commission or committees of the commission, or on special assignment from the commission. Existing law also authorizes members of the commission to receive necessary traveling expenses and meal allowances, as approved by the commission.

This bill would delete the provision for a \$100 per diem for members, alternate members, and committee members, and would instead provide that members of the commission may receive an amount not to exceed the reasonable and necessary traveling expenses and meal allowances, as established by the commission.

*The people of the State of California do enact as follows:*

SECTION 1. Section 221.1 of the Food and Agricultural Code is amended to read:

221.1. Notwithstanding Section 221, the department shall establish all permanent positions with the Controller's office, pursuant to standard state administrative practices.

(d) The task force may request particular agencies to lead the effort to evaluate various factors related to food biotechnology. As funding becomes available, the task force shall evaluate factors including all of the following:

(1) Definition and categorization of food biotechnology and production processes.

(2) Scientific literature on the subject, and a characterization of information resources readily available to consumers.

(3) Issues related to domestic and international marketing of biotechnology foods such as the handling, processing,

manufacturing, distribution, labeling, and marketing of these products.

(4) Potential benefits and impacts to human health, the state's economy, and the environment accruing from food biotechnology.

(5) Existing federal and state evaluation and oversight procedures.

(e) An initial sum of one hundred twenty-five thousand dollars (\$125,000) is hereby appropriated from the General Fund for disbursement to the Department of Food and Agriculture. 4171. (a) Notwithstanding any other provision of law, the 50th District Agricultural Association, with the consent of the secretary, may enter into a joint powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code for the purpose of creating a joint powers agency to operate, maintain, and improve the facilities and functions of the 50th District Agricultural Association. (c) The joint powers agency may make and enter into contracts and employ agents and employees. The joint powers agency may manage, maintain, and operate the facilities, or may enter into management contracts for the operation of the facilities. The planning, designing, and constructing of these improvements, and the agency's other duties, as specified in this section, shall be undertaken in accordance only with those restrictions applicable to the joint powers agency.

(d) Prior to the commencement of the joint powers agreement, the parties to the agreement and the department shall ensure that

every employee in the civil service of the 50th District Agricultural Association is provided with the option of continuing his or her employment with the state, or of accepting a position as an employee of the joint powers agency.

(1) With respect to an employee who chooses to continue his or her employment with the state, the employee shall continue to be subject to all of the provisions governing civil service employees, and, additionally, all of the following shall apply:

(A) The joint powers agency shall contract with the department or the 50th District Agricultural Association for the services of the employee, consistent with his or her civil service classification and status.

(B) The employee has the right to continue to provide services to the joint powers agency pursuant to that contract during the time the employee continues in the civil service classification he or she held at the time of the employee's election.

(2) With respect to an employee who chooses to leave his or her employment with the state and become an employee of the joint powers agency, those employees are not employees of the state, and are not subject to the requirements of Chapter 10.3 (commencing with Section 3512) and Chapter 10.5 (commencing with Section 3525) of Division 4 of Title 1 of the Government Code.

(3) If a position filled by a civil service employee pursuant to contract with the department becomes vacant, the joint powers agency may fill the position with a non-civil-service employee.

(e) If the joint powers agency contracts with another entity for the operation or management of the facilities, the requirements of subdivision (d) shall apply to the new entity prior to commencement of any agreement.

(f) The State of California is not liable for any debts, liabilities, settlements, liens, or any other obligations incurred by or imposed upon the joint powers agency. The joint powers agreement executed pursuant to this section shall expressly provide that the General Fund and the Fair and Exposition Fund shall be held harmless from all debts, liabilities, settlements, judgments, or liens incurred by the joint powers agency, and that neither the state nor any agency or division thereof shall be liable for any contract, tort, action or inaction, error in judgment, mistake, or other act taken by the joint powers agency, or any of its employees, agents, servants, invitees,
